Time

*Our time in school is
The simplest and the hardest
The longest and the shortest
The happiest and the saddest
Time of our lives.*

*While we are in school,
We wish it were shorter.
And after it is over,
That it had been longer.*

*In school, as in later life,
Time is - - -*

*Our worst enemy
And our best friend.*

*It is the birthright of rich
And poor,*

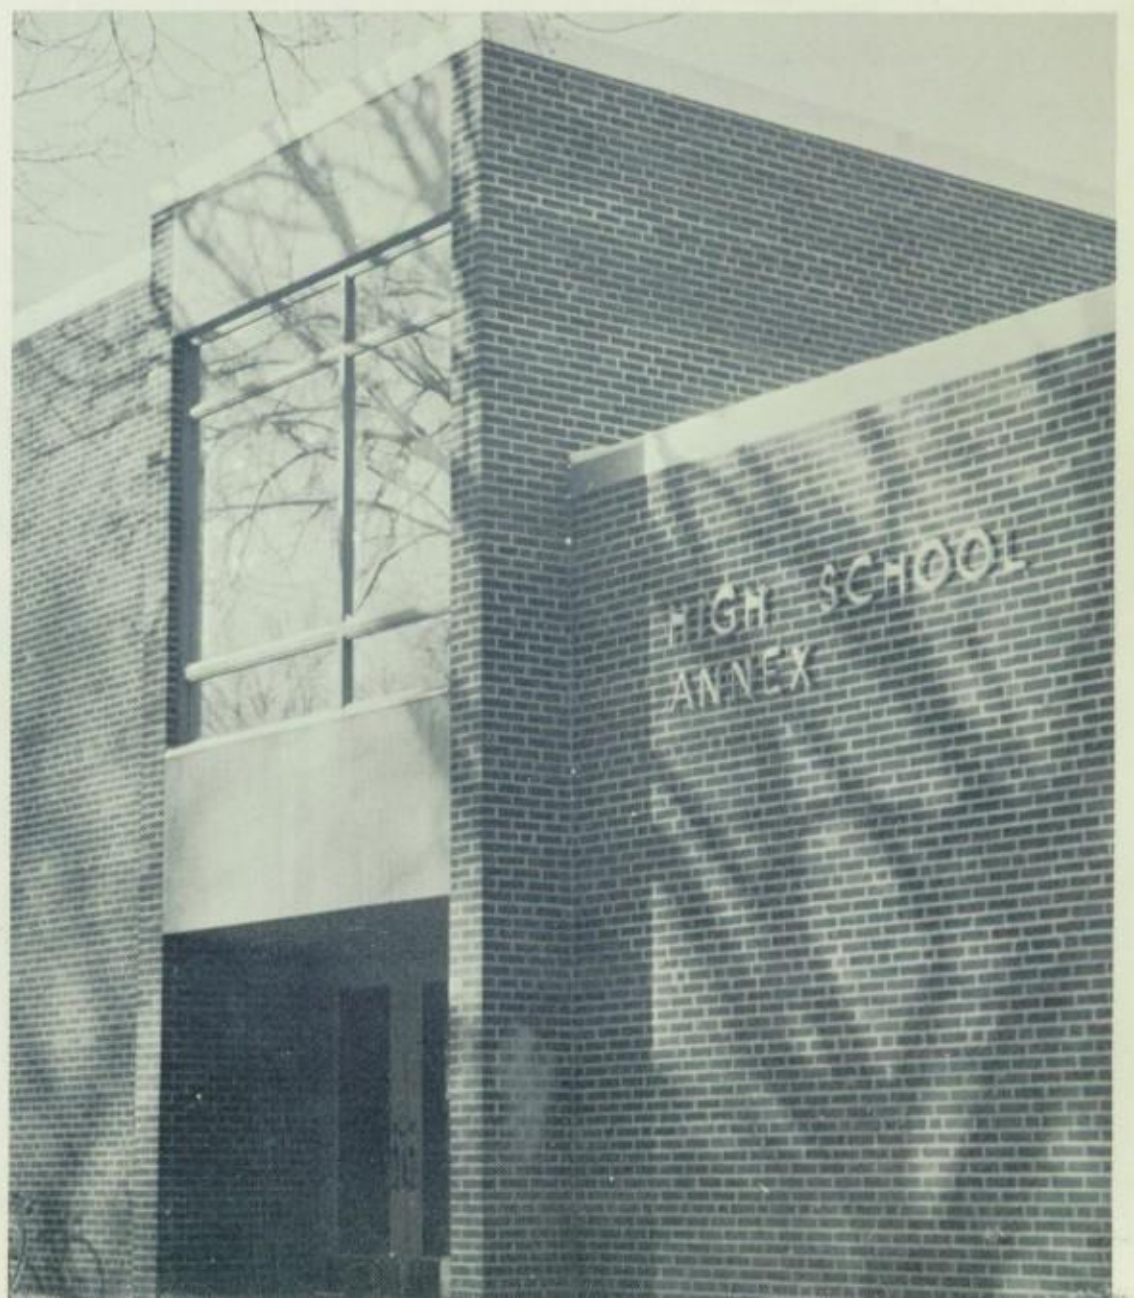

*Young
And old.*

*Time is the gift of God
To those who use it properly
And the curse of the Devil
To those who waste it.*

Lester D. Horrigan

Superintendent

Behind the scenes at BHS there is a capable school board and superintendent. These are the people who insure a smooth running school.

This year a Citizen Advisory Committee was appointed by the school board. It has been divided into five separate committees. They are: finance and enrollment, building and grounds, reorganization, curriculum, and publicity. Each committee met and studied its problem and then reported to the Parent Teacher Association. They act only as an advisory group.

The Citizen Advisory Committee is now studying a long range building program. Plans for the future include building a seven room addition and adding another kindergarten room to Hillcrest School. These should be ready for use by 1961.

A. Bell
Principal*

Patiently listening to our problems and guiding us successfully through the school year is Mr. Bell. He plans the schedule and advises the programs of each student and works hand in hand with his teachers. He advises the Student Council and supervises the National Honor Society. In general, he is one of the people responsible for the high caliber of our high school.

Handling all money affairs is Mr. Webbenhurst, business manager. He keeps the school budget, and a record of all club earnings and spendings. He buys all of the school equipment and takes care of all the financial business at school.

Mrs. Laura Paulson

English IV . . . Senior advisor . . . FTA advisor

The library was a scene of constant activity for the Senior English class. Term papers and a five-week seminar demanded research work and a busy pen, but the finished product proclaimed a job well done. Presenting plays, studying newspaper clippings, and keeping a diary compromised a year that was busy, but satisfying.

Mrs. Jane Sinning

English III . . . Debate Coach . . . Junior advisor

The Junior English class concentrated their study on American authors and their works. Ample opportunity was also provided for creative writing in the forms of poetry, essays, and theme papers.

In addition, six weeks spent in speech developed self-confidence and stimulated the student's imagination.

Mrs. Alice Sheimo

English II . . . Sophomore advisor

Students in Sophomore English visited many lands in their study of literature. Tragedies by Shakespeare, short stories by Swedish authors, and modern poetry by Sandburg compromised part of their work.

The study of *SILAS MARNER* developed their creative abilities and also a bit of humor.

Wayne Hauschild

U. S. History . . . "B" Basketball . . . golf . . . tennis
Football Line Coach . . . Junior advisor

The history of America from its discovery in 1492 to the present day was accomplished in 9 months by the Juniors in U. S. History. Detailed maps and charts added color to the study of the wars and Constitution.

Harold Nilsson

Principles of Democracy . . . Senior advisor
International Relations . . . World History
Speech

World History and International Relations provided the opportunity to travel through the past and finally to come to the present day with a study of current affairs and problems.

Speech class uncovered many hidden talents and brought out the "ham" in budding young actors.

Harry B. Gibbons

Senior advisor . . . Assistant Track Coach
Football Coach . . . Principles of Democracy

Seniors explored the government of the United States in Principles of Democracy, put into writing their philosophies of life in Sociology, and tried their skills in buying and selling stocks in Economics.

In addition, Government Day (March 8) provided an opportunity to learn first-hand the mechanics of government by visits to the courthouse and city hall.

Mathematics

Quicken the Mind

Experimenting in Physics

Bravely attacking and solving the complicated laws of physics was a part of the work of the thirty boys in the 1960 Physics class. The problems of photographing magnetic fields and determining the heats of fusion were eagerly solved in the lab, while in the classroom light and sound waves and various aspects of electricity were studied.

Miss Ruth Helland

Plane and Solid Geometry
Advanced Algebra . . . Trigonometry
Yearbook . . . Sophomore advisor

Venturing into the fields of higher mathematics requires a brave heart and an analytical mind. Having taken the first step, the student of math finds himself learning numerous theorems, solving quadratic equations, constructing cones and spheres, and struggling with identities.

Miss Frances Malmstrom

Spanish I, II . . . Spanish Club advisor
Algebra I, II . . . Sophomore Advisor

Spanish culture permeates the halls of BHS as Spanish I and II students try out their newly-learned language on friends. With the aid of tape recordings and records los estudiantes de Espanol learn not only grammar and literature but also idioms, songs, and dances of Spanish-speaking lands.

Guy O. Karnes

Chemistry . . . Physics . . . Senior advisor
Kinetic Club advisor . . . Stage Crew

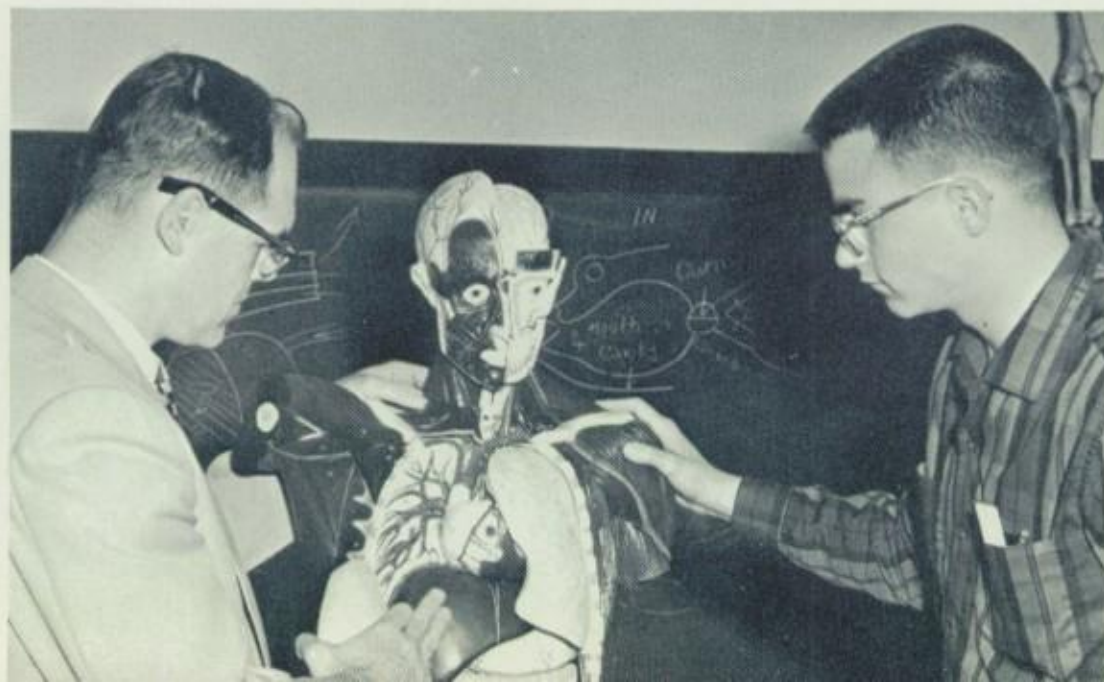

Testing textile fibers, identifying unknowns, and preparing various gases in the chemistry lab was not always a pleasant experience; but it was profitable. In the classroom a comprehensive study of atomic structures, elements, and organic compounds broadened the students' knowledge of the science.

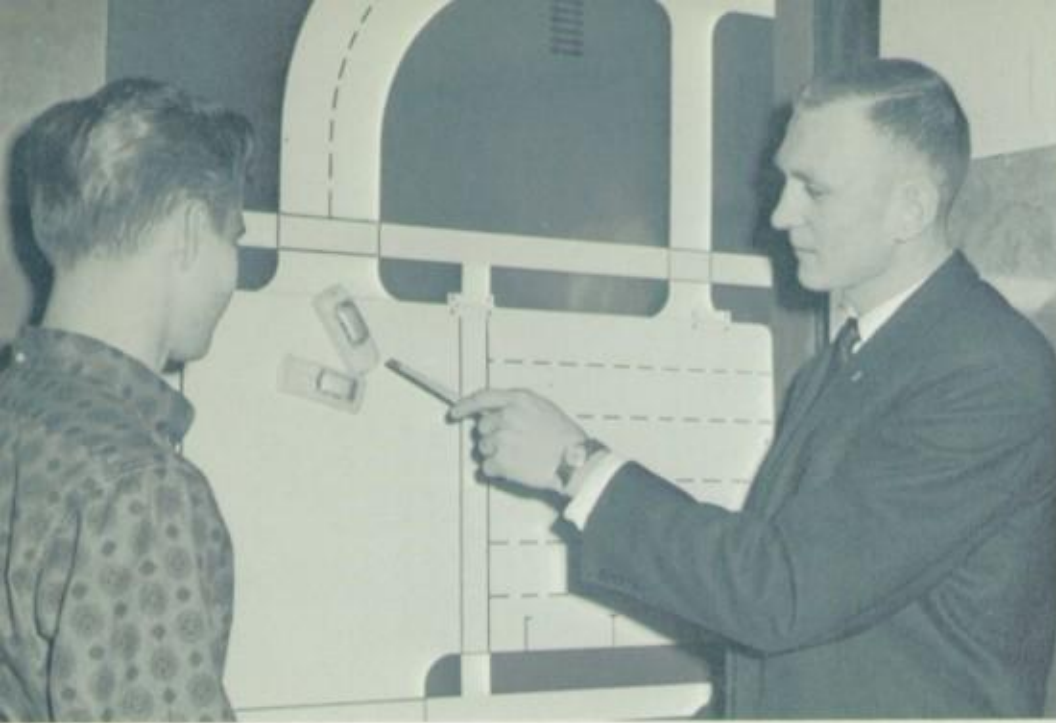

The first experience in dissecting may be a bit harrowing, but biology students soon learned that it could be enjoyable. Beginning with the lowly worm, they progressed to the crayfish, to the grasshopper, and finally to the frog.

Robert Stewart

Biology
Cross Country Coach
Assist. Track Coach
Sophomore advisor

Hermes, a new addition to the biology class this year, provided a first-hand view of the structure of the human body.

Driver's Education
Assistant Football, Track, Basketball Coach

The aspiring motorist taking Driver's Education not only learned the mechanics of his car and the rules of safe driving, but he also got first-hand experience behind the wheel.

Learning the techniques of building with wood, operating complicated machine tools, and adding the finishing touches to a completed project compromised a portion of Woodworking and Mechanical Drawing.

Boys in Vocational Agriculture learned efficient and expert methods of farming, animal showmanship, use of farm machinery, and crop judging.

Business Education
Broboea advisor . . . Junior advisor

The stopwatch was never idle in typing and shorthand classes. Prospective secretaries worked diligently to improve their skills in filing and typing, and learned the intricacies of the adding machine and the mimeograph.

Other phases of business--corporate law and income tax--were explored in Business Law and Arithmetic.

Miss Thelma Olson

Mrs. Esther MacLean

Homemaking . . . FHA advisor
Junior advisor

Realizing that sewing and cooking are indispensable in good homemaking, girls eagerly tried their skills. Other aspects of efficient housekeeping--child care and home nursing--were not neglected, nor were the arts of knitting and home decorating. To make the home brighter, floral arranging and the wise buying of china and silver were also studied.

Membership in FNA is open to students who are interested in nursing as a career. The club was given a tour of the Brookings Clinic, and each member had her blood type taken. They also toured the new clinic in Watertown.

The State Nurses Convention was held at State College with the Brookings Chapter acting as hostesses for the two day event. Jeanette Abbey provided an evening's entertainment with a talk and exercises on correct posture. The County Nurses' Association gave a program to the club.

At the Kinetic Klub Carnival the girls had a cookie booth. Mrs. Johnson, the school nurse, is the advisor.

Installation of new officers started the year's circle of events for the Future Homemakers Club. First of all the group entertained the Elkton club for an evening program. Next the girls made a trip via the Red Rocket to Volga to be the guests of Volga's club. The district meeting of the Homemaking clubs was held in Milbank with a small group attending from the Brookings chapter. The girls also sold pop at the Kinetic Klub Karnival. To end the year they presented a style show and a program for their parents at which each of the girls pinned a rose on her mother. Some of the members also received their Junior Homemaking degrees. The advisor for the group is Mrs. Esther MacLean.

"Adelante, siempre adelante." With this as the motto, the Spanish club was a busy organization. Included in the year's activities was initiation of new members, the breaking of a Christmas pinata for the members, and a spring fiesta for the entire high school, which included Spanish dancers a conga line, and another pinata. On Pan-American day the club sponsored a Spanish dancer at an assembly. The year ended with a potluck supper.

Spanish Club

Latin Club

Delving into the history of Roman culture, the Latin club completed a year of variety. Highlight of the December meeting was the crowning of "Skip" Christensen and Cleo Vaughan as King and Queen of Saturnalia, a December Roman festival. The program included a skit describing customs of Roman Saturnalia. The March meeting centered around "The Ides of March" and a skit entitled "Caesar Crossing the Rubicon" was given by various members. In April the club entertained twenty four eighth graders and advisers. A panel discussed the values of Latin and a skit was given depicting events in Roman history. A banquet highlighted the May meeting. Roman costumes were displayed by members and guests who partook of the Roman type food. Miss Briscoe is the club sponsor.

F. T. A.

Any junior or senior who is interested in the teaching profession is eligible for FTA. The activities consisted of initiation of new members, a teaching clinic held at SDSC, the annual banquet, a skit at a pep assembly and dance that night, a booth at the Kinetic Klub Karnival, and a luncheon held for the DCT president, Richard Batchelder. Every member observed and taught in the grade of their choice. A tea was then held for the cooperating teachers. Karen H. and Anita received teaching scholarships.

FIRST ROW: Cheryl Tangen, Mary Ann Winkleman, Kathy Bartling, Jane Pulsifer, Janet Norton. SECOND ROW: Donna Kjos, Louise Schmidt, Norma Wilcox, Julie Eberlein, Laurie Porter, Doreen Anderson, Lynne Puttmann.

Library Club

Helping in the Library is the main activity of the members of the club. They receive 1/4 credit for working 64 hours during the year by checking books in and out, shelving books, mending books, filing cards, discarding old books, fixing bulletin boards and the news scrapbook of high school events. Their programs consist of library instructions. The biggest event is Book week, when members read stories to school children and show them around the library.

Cue Club—Amateur

Dramatists

There's a little ham in everyone as evidenced by the Cue Club when they assembled for their meetings. But they also had time for more serious things. In September the club furnished the program at a dinner for the faculty. Following tradition they held a pot-luck supper after each of the Junior and Senior Class Plays for the cast, with the respective class advisers and faculty members as guests.

Beatniks took over the school for one night as the club sponsored a beat session for the local beatniks.

Initiation of the new members took place at a fun-filled April meeting. The year ended with a picnic for all.

At the left is a view of the beatnik dance, while at the lower left the junior boys are receiving a good dose of initiation fun. Shaving cream anyone? The three lovely old maids at the lower right entertained at several of the meetings.

FIRST ROW: Bob Flittie, Barbara Bonzer, JoAnne Beatty, Harriet Lievan, Judy Myers, Karen Derscheid, Laura Montgomery, Skip Christensen. SECOND ROW: Helen Greb, Charlotte Campbell, Betty Clark, Mary Balo, Kathy Riley, Annette Larson. THIRD ROW: Frank Messner, Alan Jones, Kennon Vaudrey, Leslie Jerde, John Pearson, Bill Smythe. FOURTH ROW: Phil Johnson, Mike McCann, Bruce Johnson, Mike Harrison, David Taylor, Leon Jones, David Sandfort.

The outstanding achievements of Kinetic Club were the projects of the members which were entered in the science fairs. Harriet Lievan won a trip to the National Science Fair at Indianapolis with her project, "Cholesterol in the Diet of Chickens." Judy Myers and Mary Balo rated a second and a third place in the Girls' Biological Division at the Regional Fair. David Taylor earned a second place in the Boys' Physical Division at the same fair. He also won first first place in the S.D. Science Talent Search, and is a member of the Honor's Group of the National Science Talent Search. David Sandfort won a \$25 award at the Junior Science Academy. The club also provided additional and current information to students interested in science. For relaxation they sponsored the Kinetic Klub Karnival at which all clubs have booths. Their own special booth was an attempt to find the "windiest person."

Each week students gather information on all phases of school life and prepare these for the Saturday broadcast. Another activity of the club was a telegraph booth at the Kinetic Klub Karnival.

New Tempos Rise in Song

Pianissimos and fortes were heard in such numbers as "The Drummer Boy" at Christmas and "Time and Space" at Commencement. Mrs. Thais Wiechert again led the Vocal Music Department through a successful season, highlights being the annual Christmas and Spring Concerts and the Region III Contest.

Activities started with preparation for an informal Christmas presentation of religious and modern renditions.

Hard work and grumbling brought five superior and three excellent ratings to BHS musicians at Milbank. Mixed Octet (next page) consisting of Janice Tellinghuisen, Margaret Frost, Harriet Lievan, Charlotte Lee, Bob Flittie, Sterling Sundet, Kenny Kirschenmann, and James Roden, and Boys'

Octet (next page) of which Dick Hayter, James Roden, Dennis Milfs, Peter Anderson, Eddy DeWald, Kent Younger, Bob Flittie, Bob Kodis are members received superiors. A recommendation to sing at the Grand Concert produced numbers from Mozart to blues and barn dance.

April brought extra practices for Select, Boys' Chorus, L'Allegro for the Region III Contest. Here two superiors and one excellent were received.

A program of four numbers including "The Lord is My Shepherd" and "Bali Hai" at the Spring Concert, invitations to sing at the BPW dinner and at Baccalaureate kept the twenty-four L'Allegro girls busy throughout the year.

All groups including Mixed Chorus and Girls' Chorus participated in the Spring Concert, climaxing a year of hard work and activity.

Help Him, "Willy"

Step on it, Stan

Plagued by tough losses, the Bobcats came through their eight game season with three wins and five losses to finish sixth in the ESD conference. This was Coach Gibbon's second year in Brookings as head coach. He and Coach Hauschild did a commendable job, but were handicapped by the fact that their team was the lightest in the conference.

The Bobcats opened their season with a non-conference victory over Luverne 12-7. In the annual Bobcat Day clash, the Cats smeared Madison 27-6. The final win came when the Bobcats downed the Flandreau Fliers on their homecoming 20-0.

This Faded

The Cats scored a total of 110 points to a total of 108 for their opponents; they had an average of 13.7 points per game while their opponents had an average of 13.5 points per game.

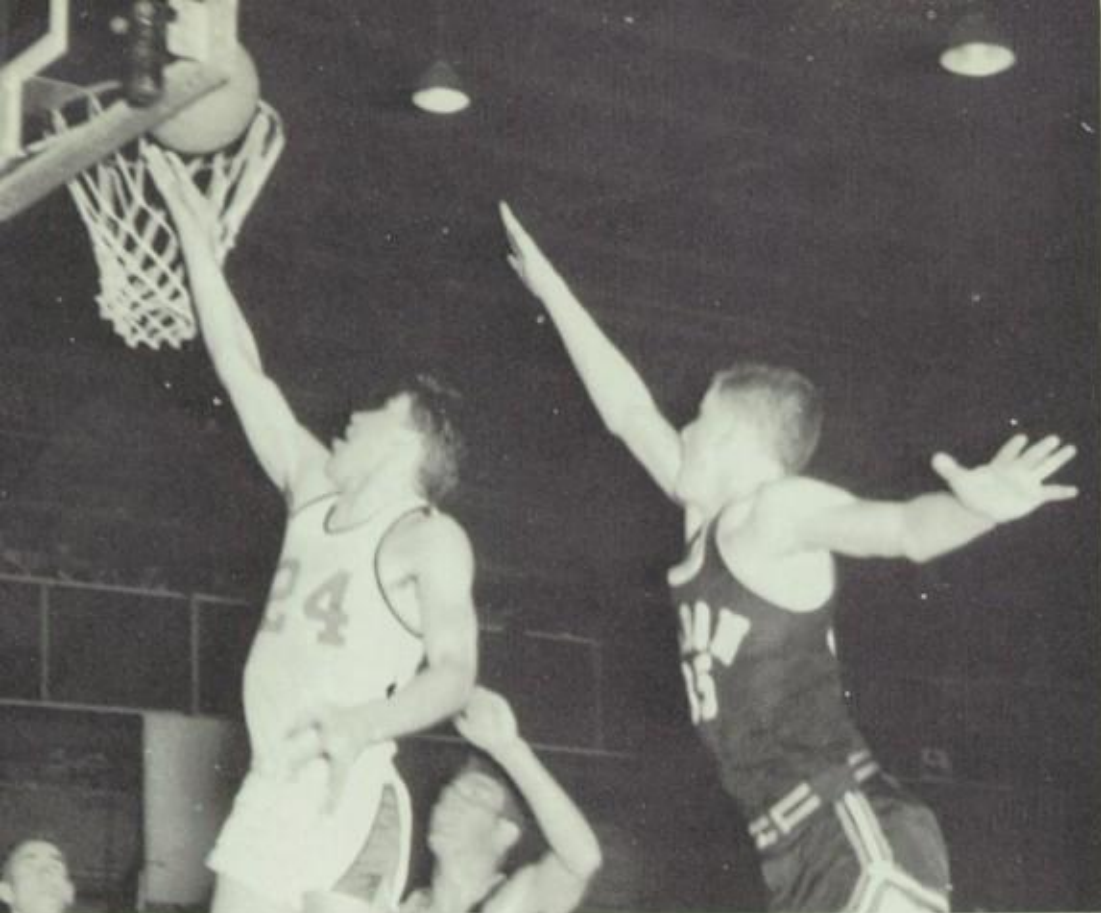

Although the ranks will be depleted by the graduation of 14 senior lettermen, the outlook is bright and hopes will lie with the returning junior lettermen.

Get Him, "Kal"

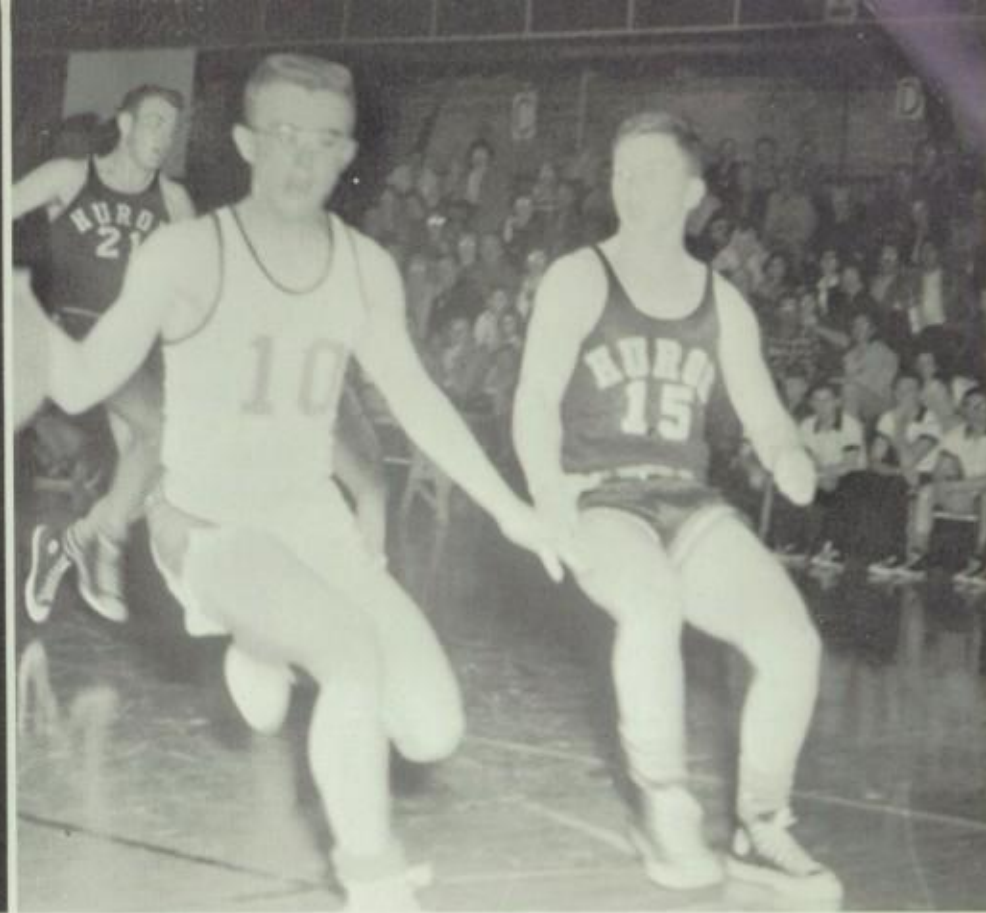

Watch out, Dick

Two more for Dick

Keep 'em going, Orv

Despite a tremendous height disadvantage, the Cats won six games and lost ten in ESD competition. The height disadvantage was compensated by a great desire to win, deer-like agility, perfect timing, and faith in their coaches, Norman "Nig" Johnson and Dal Eisenbraun. Instead of out-rebounding opposing teams, the Cats had to move the ball fast, with quick plays and fast breaks. Also a junior and senior squad were formed to try to outrun opponents with each squad relieving the other. Henry Nelson was elected most valuable player of the year, and a traveling trophy, given by the J.C.'s, was set up with his name on it. Henry was also in the top ten ESD scoring column with a 13.9 average per game.

..... Into This!!!

The cats gave their best team effort in the second game with Watertown, when they ran neck and neck with the Arrows for three quarters and lost 87-82 in the closing minutes of the game.

Also lacking the conventional "big" man, the J.V.'s of Carl Katzenberger finished an eleven game season with a record of four wins and seven losses. This team, comprised of Juniors, keep in competition during their jump from "B" squad to "A" squad play, thereby getting experience to supplement agility and skill for their senior year in ESD competition. With the hot-shooting newcomer, Verlyn Johnson, who had a 16.4 average per game, the boys romped over Astoria and Toronto, and close ones to Flandreau and Brandt.

Intramurals

Intramural is played by boys who have not played any other basketball throughout the year. Each of the six teams played each other twice for the league championship. Frank Knutson's team won the league championship. In tournament play, Stuerman's cellar dwellers surprised all and won the tournament.

Cats Tear the Turf

Records were again shattered this year as a strong BHS track squad toured the state doing well in meet after meet. In the opening meet, the Madison Relays, the squad totaled enough points to take third behind the running of Stan Johnson in the hundred, Denny Milfs in the low hurdles, and the vaulting of Frank Knutson. Each of the three relay teams, the 440, (Nelson, Rezatto, Knudsen, and Johnson), the 880, (Fergen, Hegg, Wilson, and Knudsen), and the mile relay, (Fergen, Koenders, Hegg, and Wilson), took second. The Cats then traveled to a dual meet at Watertown and Mitchell. At Watertown, Schultz went 11' 10 1/2" in the pole vault and the 880 relay squad grabbed a first to pace the runners to a second place in the meet. At the Corn Palace Relays the next day, Stan Johnson tied for first in the hundred and Schultz tied for first in the pole vault.

Larry Schultz — Broad Jump

Denny Milfs — Hurdles

State "A" Vault Champ — Larry Schultz

Then came the Aberdeen Relays and the Milbank Invitational. With the split squads that attended the meets, Stan Johnson ground out a 10.0 hundred to place first at Aberdeen, while Denny Milfs broke two meet records in the low hurdles and high jump at Milbank. At the Howard Wood Relays, Stan Johnson stepped a fancy 0:9.9 in the century dash to set the fastest time of the year while breaking the Howard Wood Relays record and the school record. When the Region III meet came, 11 boys qualified for the State Meet to be held the following week. Schultz went 12' to take first in the pole vault while Stan Johnson

Baton Men — Anderson and Smidt

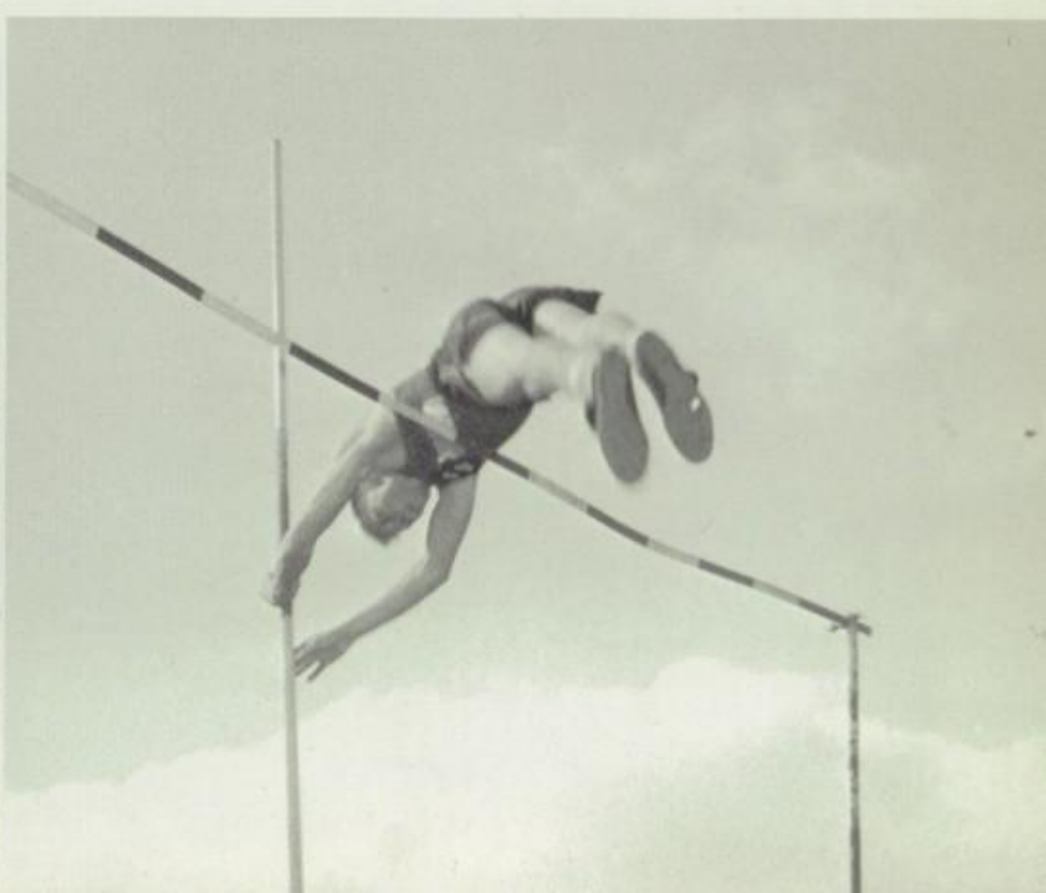

placed first in the hundred, 220, broad jump, and second in the 440.

The following week at the State Track Meet, Brookings' chances looked pretty slim as Stan Johnson, after running a record 0:9.9 in the prelims of the hundred, pulled a muscle in the finals and could not run his scheduled 220, relay team, or participate in the broad jump. However, Lloyd Wilson grabbed a third in the half mile and Larry Schultz went 12' to take the State "A" championship in the pole vault. Brookings placed sixth in Class "A" competition.

Cross Country

New to BHS athletics, the Cross Country proved as much of an invigorating sport as track. Races of varied distances were run usually between halves of football games. These nine boys were the start of Cross Country. Minor letters were given to the boys that participated in the meets. FRONT ROW: Denny Milfs, Kent Younger, Jim Phillips, Kenny Kirschenmann. G. A. A. — It's Fun time

GAA activities, composed of seven major sports, were governed by a fifteen member board. Action commenced with speedball. With the advent of the winter snows, basketball was the feature attraction. Highlight of this sport was the All-Star game played before an all-school assembly. Tumbling, which may be participated in by everyone, is also a major school activity. Each year ten girls are chosen for the regular tumbling team, the Matcats. Badminton and Volleyball also comprised the indoor sports. The GAA season was culminated by the outdoor sports, softball and track.

Mrs. Sorenson and Mrs. Shane directed the activities.

Promoting school spirit and good sports-
manship was the driving force which kept the
peppy five in action throughout the football
and basketball season. Besides planning pep
assemblies, introducing new cheers, and sup-
porting the team at local and out of town
games, the cheerleaders introduced a new
tradition in BHS, that of electing a Pep King
and Queen.

Elected in the spring of the preceding year
by a vote of the student body, the cheerlead-
ers fulfilled their tasks for the 1959-60 season.

Hank and Babs combined wits to trick Aunt Agatha into marrying cowboy John Henry Judd. Crabb developed a chronic case of B.O., while Aunt Agatha suddenly came down with the seven-year itch.

However, Tess and Spike joined forces to get their aunt to marry rich Mr. Crabb. Rod and Cynthia only wanted to marry each other.

The stage crew, consisting of Dave Snyder, Art Leitzke, Herman Schultz, Bill Sloan, George Soule, and Marlin Hill did the staging and lighting for the play.

The Crowning Hour

Royalty: Bonnie Kingsley, Linda Korte, Lady Garda Vaughan, Lord Lloyd Wilson, Robert Stuermer, Richard Fergen.

Bobcat Day, that special day for which all waited, was brought to a climax when Judy Revell and Lynn Riedesel, last year's royalty, crowned Garda Vaughan and Lloyd Wilson as Lord and Lady. Their attendants were Bonnie Kingsley, Linda Korte, Bob Stuermer, and Dick Fergen.

Immediately following the Coronation and pep fest at the school, a snake dance parade was formed which wound its way to Kendall's corner where the cheerleaders led another rousing pep meeting. The procession then went to Pioneer Park where cheers were chanted around a blazing bonfire.

After only one half day of school the next day, a free movie was shown at the College Theatre. That night, approximately fifteen minutes before the kickoff time for our homecoming game with the Madison Bulldogs, Lady Garda and her two attendants circled twice and finally drove directly onto the field where Garda presented the football to that night's captain, Bob Stuermer.

The final score, 27 to 6, gave evidence of a tremendously successful Bobcat Day game, after which we danced to the music of Ev Martin at the alumni dance. Lady Garda and Lord Lloyd led the grand march followed by last year's royalty and this year's royal attendants.

Bobcat Day

Entertainment at the Coronation followed a modern theme. Affording us much enjoyment were the "beatniks" from the "Expresso House" and the "Squares" from "Squareville." Each, in their own way, were trying to find the B.H.S. Spirit in the bongo drums.

It was carnival time in our high school before the Coronation. Spirits soared as cats, clowns, cowboys, colored folk, and even Patrick Henry paraded the halls. It seemed that everyone took part in the traditional Red and Black Day events.

Bobcat Day Committee

Heading this year's Bobcat Day activities was second vice-president of the student body, Dick Fergen. Last fall, immediately after elections, he began to choose his committee, which would assist him in planning the homecoming ceremony. Dorothy Worzella and Charlotte Lee were chairmen of the skit committee; Barbara Bonzer and Lois Jerde headed the dance committee; the parade and bonfire were organized by Tim Murphy and Jim Opdahl; publicity was taken care of by Garda Vaughan and Bob Webbenhurst; Margaret Frost and Dick Hegg planned the program.

Junior High Principal

Junior High School is a time of transition, new experiences, and responsibilities. In addition to academic courses, students may find time for extra-curricular activities such as cheerleading, matkits, declam, music, sports, or writing for the junior high paper, the Wildcat.

Parties were given during the year which provided fun and dancing for everyone. The students also cheered the football and basketball teams, the Wildcats, at their games. At Christmas time the Junior High Student Council decorated a Christmas tree in the hall.

"A." Freshman Basketball

Winning eleven and losing only four games, the freshman basketball team had a highly successful season. Height was the key to this season's record with many of the members over six feet. The team lost to Watertown and Elkton once and Volga twice, but won all the rest with ease. The future outlook for BHS basketball is very bright with all this height and talent.

"B" Freshman Basketball

The Junior High "B" squad, which was composed of seventh and eighth graders wound up a shorter schedule winning seven of their eleven games. This squad played their games at the same time as the "A" squad. They all gained valuable experience which will help them in the years to come. Frances Dolan was the coach of both squads with the help of Bud Gilbert.
